1. FIELD OF APPLICATION

The automated system for conducting procurement procedures in electronic form for The State Atomic Energy Corporation Rosatom (hereinafter referred to as the System, electronic trading platform, ETP) is designed to provide a unified procedure for conducting various procurement procedures in electronic form.

This document is intended for users of the System. The document provides basic information about the purpose and conditions of using the System, describes the features of using the System when performing functions that provide the main activity for conducting various types of procedures in electronic form (auction, reduction, competition, request for quotes, request for proposals), as well as functions that provide activities for obtaining the necessary information about the procedures and directly participating in them. This document describes the actions required to ensure effective user experience.

The system is an electronic trading platform (ETP) that meets the requirements of the following regulations:

- Federal law No. 63-FZ of April 4, 2011, “On Electronic Signature”.
- Government order No. 179 of March 17, 2008 “On the Endorsement of the Regulation on the Use of Internet Sites Carrying out Open Auctions in the Electronic Form and on the Requirements to the Technological, Software, Linguistic, Legal and Organizational Means of Support of the Use of the Mentioned Sites, as well as to the Systems Providing Open Auctions in the Electronic Form”.
- Uniform Industry Procurement Standard (Rosatom Procurement System) of The State Atomic Energy Corporation “Rosatom”.

The system performs the functions of preparing, receiving, analyzing, processing, and providing information related to procurement procedures for the needs of The State Atomic Energy Corporation Rosatom and its subordinate organizations.

2. OPENING OF A PERSONAL ACCOUNT AFTER THE ACCREDITATION ON THE ELECTRONIC TRADING PLATFORM

Account details and bank payment details are displayed at Finance - Personal Account Status (Fig. 1, Fig. 2).

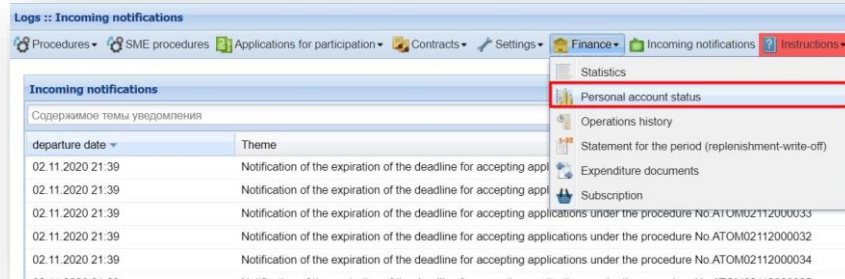

Fig. 1

Fig. 2

After being registered, the Operator opens a personal account for performing operations to pay for participation in procedures.

An organization has the right to dispose of funds held on its account opened with the operator for operations to ensure participation in procedures, if the operator has not blocked operations on the account in respect of these funds.

To transfer funds to your personal account, you must make a bank payment using the exact details received during registration in the corresponding notification from the Operator of the electronic trading platform, including the exact purpose of the payment. You can make a transfer using a QR code to top up your account, for more information, see section 6 "Personal account status".

Attention! For non-residents of the Russian Federation, to transfer funds to their personal account, you must use the exact details of the ruble account of the electronic trading platform (ETP). To make a transfer, we recommend contacting the bank to get up-to-date information about currency exchange rates, commissions and other conditions.
